Welcome to ECAA's E-Newsletter, The Spark!

This e-newsletter was created to keep members informed on the Association's activities and upcoming events in a timely manner.

President's Message

At the April Edmonton and Calgary Chapter meetings presentations were made from the Workers Compensation Board of Alberta (WCB) on their proposed "INDUSTRY CUSTOM PRICING". ECAA would like to have contractor feedback on this proposal. Your feedback is most important for a path forward. Email dhagen@chemco-elec.com or smclean@ecaa.ab.ca

Bob
Maslanko,
PEC

May 1st the transition of the administration of the Master Electrician Program over to Safety Codes Council (SCC) was completed. However disappointed the association is in this move by Alberta Municipal Affairs (MA), we have been more than accommodating with this transition. Your association has requested representation on SCC considering that they now administer 6,500 Master Electricians in the Province along with some 2,500 Safety Codes Officers.

I was copied on a reply letter from SCC President Brian Alford to Ivan Moore of MA where SCC looks forward to working with the Electrical Contractors Association and Alberta Municipal Affairs to administer the Master Electrician Program.

The ECAA currently has representation on the Electrical Technical Council which is one of ten sub-councils of SCC, but it has no representation on its Board of Directors (Coordinating Committee) which we feel it should have as a direct results of the numbers of Master Electricians they now administer.

The ECAA has also requested that SCC look at re-starting the Masters Advisory Committee which to the best of our knowledge has not met since the program was taken back by Alberta Municipal Affairs over a year ago. This committee used to meet on a regular basis to review Masters Examinations and to discuss concerns and provided advice on the governance of Master Electrician Program. SCC said they are going to look at developing a matrix regarding this committee's composition and it's structure this coming fall where the ECAA hopes to have

majority representation on this committee. Brian Alford of SCC has been invited to address the ECAA at its AGM in Kananskis; we hope he can make it.

Speaking of the ECAA Annual General Meetings & Convention do you know it is only 3 weeks away and we are happy to see that we are expecting over a 125 conventioners, which should make for a really great time in the Rocky Mountains at Kananaskis. **NOTE:** We are still short Contractor, Associate and PEC Members for its quorum at the AGM, so if you can make one or all of these meeting please contact the ECAA Provincial Office ASAP for more information.... Your attendance is very important!
